Xth (CBSE)	2019	City Public School, Gaya	90.40%	Scored 90+ in 3 subjects.
WORK EXPERIENCE				
BGJC & Associates LLP - Reputed CA firm with 40+ years of experience, 6+ partners, and a presence across 4+ locations				May 2025-Present
•Tyre Industry (~15,000 Cr turnover) - Evaluated cost management practices, identifying excess coal inventory leading to working capital blockage of ₹416 lakh, nontrivial interest loss of ~₹12 lakh, and storage losses (~₹23 lakh annually). - Reviewed inventory, procurement, and stores processes, highlighting inefficient purchasing despite high stock levels (~11,000 MT) and high non-moving inventory (~17.45% lakh), improving working capital efficiency. - Identified significant undesirable expenses (~₹80 Cr on peak basis) and storage & tracking control gaps, including unorganized inventory handling and asset disposal during verification (~50.9% lakh variance). •Textile Industry (~14,580 Cr turnover) - Performed physical verification of fixed assets, identifying significant control gaps (~₹17 lakh WDV) such as non-operational assets, record discrepancies, and instances of unidentified/unsupervised assets. - Examined GST and job-work transactions, identifying system-driven non-compliance due to control gaps in delivery chain generation, resulting in potential GST and penalties. - Optimized raw material procurement, slashing procurement cost variances of 30% to 150% on non-contracted routes and recommending a standardized contracting framework to improve cost efficiency and margin management. - Executed trend analysis on revenue and key financial metrics for a textile unit, providing data-backed recommendations for operational excellence and strategic decision-making. •Dairy Industry (~280 Cr turnover) - Assessed warehouse management controls (including physical verification) with exposure to production, maintenance, and ETP operations, noting pH control deviations. •Hydropower Plant (86 MW) (~120 Cr turnover) - Analyzed process compliance, fixed assets (including physical verification), and labour law adherence, identifying delays in contractor PF filings leading to potential regulatory non-compliance under the EPF & MP Act, 1952.				
PROJECTS				
Yes Bank crisis analysis Analysis of governance and regulatory impact on the banking sector. Analysed the Yes Bank crisis, evaluating governance failures, asset quality concerns, regulatory interventions, and their impact on stakeholders and the banking sector.				
Comparative Financial Analysis Comparative analysis between ITC Ltd. and HUL. Conducted comparative financial analysis of ITC Ltd. and HUL, assessing key financial ratios and performance indicators to evaluate business performance and competitive positioning.				
Micromax decline analysis Study of strategic decisions and market dynamics in the smartphone industry. Examined the impact of contributing to Micromax's decline, analysing strategic decisions, competitive pressures, and changing market dynamics in the smartphone industry.				
POSITION OF RESPONSIBILITY, EXTRACURRICULAR ACTIVITIES, CERTIFICATIONS AND SKILLS
